PRANAV RAMAKRISHNAN

SOFTWARE DEVELOPER

I am an Electrical engineering student and a Coder at heart. My ambition is to be a lot better at systems design and automation as I love robotics, and I want to be able to formulate solutions and software that could ever so slightly help solve the problems humanity faces.

EDUCATION

PERSONAL PROJECTS

Waste Segregation Dustbin (10/2020 - 02/2021)

- We were able to make a dustbin model, which could analyze the material of the waste material. Depending on the type of material we can then segregating the waste material into recyclable and non-recyclable. This was a product.

Snake Game (08/2021 - 09/2021)

- I built a snake game using pygame, in python. It was a side project I've been doing to develop my coding skills.

CERTIFICATES

Web development 101 (04/2021 - 05/2021)

App development (06/2021 - 07/2021)
